APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights on the source. A valve must be installed and maintained to prevent waste of water and accurate measurements of water placed to beneficial use must be taken from time to time. This source is located within an area that has been designated by the State Engineer as coming within the meaning of the provisions of the 1939 Underground Water Act (Chapter 178, Statutes of 1939); therefore the State reserves the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.20 of a cubic foot per second.

Actual construction work shall begin on or before March 4, 1943

Proof of commencement of work shall be filed before April 4, 1943

Work must be prosecuted with reasonable diligence and be completed on or before March 4, 1945

Proof of completion of work shall be filed before April 4, 1945

Application of water to beneficial use shall be made on or before March 4, 1946. Proof of the application of water to beneficial

use must be filed with State Engineer on or before April 4, 1946

Filed Mar 4, 1942

Proof of commencement of work filed APR 17 1943 WITNESS MY HAND AND SEAL this 4th day

of completion of work filed MAR 2 1945

of September, 1942

Cancelled APR 24 1950 because of failure

of applicant to comply with the provisions of permit

Approved by

State Engineer
